EASY TO CLEAN

Our wall panels will change your interior in a quick and simple way. Caring and cleaning them is also quick and simple, thanks to the material from which they were made.

UNIQUE DESIGN AND
ELEGANCE

The Amber Collection is a proposal for people who appreciate unique design. Panels from this collection are characterized by original form that will introduce a modern accent to your interior. Wide slats with a delicate structure are divided by a thin recess, which adds lightness and elegance. The Amber collection consists of 4 colors: anthracite, beige, grey and white. Thanks to this, it can be adapted to various interior styles. The colors of the collection will suit both modern and classic interiors.

LIGHTNESS
OF THE MATERIAL

The lightness of the wall panels is their great advantage, which allows us to install them easily and quickly. Our wall panels can be mounted on suspended ceiling or furniture fronts without worrying about their weight.

INFINITY NUMBER OF POSSIBILITIES

The Infinity Collection you can find panels with an infinite number of possibilities. They will be unusual proposition for people who value individualism and creativity in interior design. The greatest advantage of the panels from the Infinity Collection is the ability to give them an individual character. Panels of various shapes and slat spacing are available in white. You can leave the panels in this color or paint them in another color of your choice. This possibility means that everyone can create their own personalized wall decoration that will perfectly match to the character and color of the entire interior.

PAINT YOUR
PANELS YOURSELF

The best effect of painting wall panels from the Infinity collection will be obtained by spray painting using acrylic paints. By spray painting you will get a perfectly smooth painting surface. You can also paint the wall panels yourself with wall paint using a paint brush. Remember that when painting wall panels with a brush, the bristle structure will be visible on the surface.

S L I M LINE

Asti collection is characterized by it's slim line. Due to the fine cross-section of the Asti series, you will give your wall unusual lightness and modern character.

The panel bring subtle perception and is often used in smaller rooms. The collection is available in three colors, so the panels from this series can be easily adapted to interiors in warm and cool colors.

WALL PANELS

WATERPROOF

The modern material of the Lamelio wall panels is waterproof, so you can successfully use them not only in the living room or bedroom, but also in the bathroom, spa or other rooms exposed to moisture.

T I M E L E S S
SHAPE

The Vasco collection is most often chosen by our customers due to the exceptional thickness of individual panel strips. The Vasco series is a form of simplicity that greatly facilitates interior design.

These panels fit within most arrangements. The panels are available in three wood shades. Due to the clear three-dimensional nature, they are very often mounted not only on the walls, but also on the ceiling, which perfectly delineates the zones in the room.

SOUND PROOFING PROPERTIES

Wall panels except their various shapes and a wide range of colors, have the extraordinary ability to silence the room by absorbing sound waves and eliminating reverberation

ACOUSTIC PANELS

VENEER

COLLECTION

Discover our unique collection of decorative wall panels that combine the elegance of natural wood with modern acoustic solutions. Our panels, made of high-quality MDF and covered with natural veneer, are an ideal solution for those who value both aesthetics and functionality.

Each panel is carefully crafted to ensure not only an aesthetic appearance, but also exceptional acoustic properties. The felt they are finished with significantly improves the acoustic comfort of rooms, reducing unwanted echoes and noises.

Our panels are easy to install and maintain, making them an ideal solution for both homes and commercial spaces. Thanks to the variety of colors, everyone will find something for themselves, regardless of the preferred interior style.

We invite you to discover our collection and create an interior that not only delights with its appearance, but also provides comfort and peace thanks to the excellent acoustic properties of our panels.

Effective noise reduction

Sound-absorbing felt mitigates noise and reduced unwanted reverberations.

Rich in color and shape

Versatile woodgrain colors and finishes to appeal to any style of home or office.

Flame retardant

The black acoustic felt can achieve B1 grade flame retardancy.

Environmental protection

CARB P2 grade medium density fiberboard protects from harmful gases and compounds.

Easy to assemble 

ASSEMBLY

OF LAMELLAS

1 Prepare the surface on which the panels will be mounted. Installation on plastered walls, gypsum boards or wood-based materials is possible. If the wall is covered with wallpaper, we recommend that you disassemble it.

2 Use a circular saw or jigsaw to cut the panels to the correct length or width.

3 Apply mounting adhesive to the back of the panels.

4 The panels can be installed vertically or horizontally. In addition to the mounting glue, you can additionally use a stapler to attach the panels to the wall. Apply the staples to the edge of the panels' tongue, making them invisible.

5 When joining panels on the corner of the wall, groove the panels together.

6 You can use end strips to complete the finish look.

ACOUSTIC PANELS

STYLISH SOLUTION FOR A SILENCE

Colette panels were designed to be easy to use, they can be glued directly on the wall. Thanks to background made of a felt they can be easily cut to size and fit perfectly in the desired dimensions.

Panels have a wooden structure that imitates wood, which makes their appearance elegant and natural. Structure and choice of colors add visual warmth and cosiness, creating a unique atmosphere.

Wall panels of a Colette series have a high soundproofing properties thanks to the felt background. That makes them a perfect choice for those who look for improved acoustic in the room. Colette panels eliminate unwelcome sounds and noises.

Additionally, the surface of the panels is waterproof which makes keeping them clean much easier. This series has a trims that are covered with a decorative part on all three visible sides. This detail makes the panel aesthetic and harmonious on the each side. Panels Colette are 30cm wide, which enables faster coverage of the large surface when comparing to more traditional panels size. This improves time efficiency of the installation. Panels can be also easily cut vertically and by that they are easier to fit individual needs.

Colette series is a combination of functionality, aesthetics and easy installation.

SKIRTING BOARDS

LAMELIO

SKIRTING BOARDS

SKIRTING BOARDS

DISCOVER THE NEW COLLECTIONS OF SKIRTING BOARDS

ECO-FRIENDLY

Skirting boards are eco-friendly because they are made from fully recyclable material. By choosing them, you contribute to environmental protection.

WATERPROOF

Skirting boards are waterproof, making them an ideal choice for moisture-prone areas. They do not warp or swell when exposed to water.

LIGHTNESS OF THE MATERIAL

Skirting boards are extremely lightweight, making them easy to transport and install. Despite their lightness, they are very durable.

EASY TO CLEAN

Thanks to their smooth surface, skirting boards are very easy to clean. A simple wipe with a damp cloth is enough to keep them looking fresh.

EASY TO INSTAL

Installing skirting boards is relatively easy. Even those with basic experience can handle it. The installation is simple and doesn't require much time.

POSSIBILITIES PAINTABLE

Skirting boards can be easily painted, allowing you to perfectly match the color to your interior. This gives you full control over the final look of your room.

ESSENZA
